FLOTILLA MERITORIOUS ACHIEVEMENT AWARD

2010

The Flotilla meritorious Achievement Award is presented on a calendar year basis to the Flotilla with the highest average of activity per member. The Director of Auxiliary and the District Commodore are the deciding officials for the Flotilla Meritorious Achievement Award.

Activity in all the major areas are included in the determination of the award recipient including but not limited to operations, public education, vessel safety exams, public affairs, recruitment, and training. The Director compiles Flotilla activity information from the annual AuxData/AuxInfo summary sheets and then divides the activity by the number of members in that particular Flotilla.

The perpetual award is a full size wooden paddle with engraved plaque for each year's recipient. A miniature paddle with plaque is also presented for the Flotilla to retain. Each member of the flotilla is presented a certificate and a ribbon.

The 2010 Flotilla Meritorious Achievement Award goes to the

KENAI FLOTILLA.
